Hello everyone, this is Sakurajou Rurika

Many thanks for picking up this little piece of
my world

'You' means the first opportunity ever a year earlier
than the rest of the stories in this anthology.

So... talking about one's own works is kinda... It
reminds me how far I've progressed since I first
started this. This used to know nothing... before all I
didn't think of it this way. There's no way I can
carry on drawing!

The name Rurika is based on the British
actor Ed Harris.

The title is displayed in a large, ornate script font. The letter 'A' is at the top, followed by 'Thousand' on the first line and 'and One' on the second line, which is partially obscured by a hand holding a book. The bottom line is 'Nights', which is also partially obscured by a hand holding a book. The background consists of stylized, glowing flower petals or leaves.

If Love Hits A

It's not that I planned it, but it just happened so that "Love Bros" was published at the same time the World Cup took place in Germany. That was a good thing, but...

It also happened so that the day after the magazine went on sale, Japan was eliminated from the qualifying round.

How should I put it.
I could write...

I hope you will enjoy
the story which I made
up when I was at the

It was fun to draw
